

2018-2019 New list of China Medical Universities admitting Indian Students for MBBS

The new list of approved medical colleges/universities in China by MOE and MCI for 2018-2019 session has been declared.

Every year the Ministry of Education of People's Republic of China releases a list of Medical Colleges/Universities which are approved to accept International students from all over the world to study Clinical Medicine (MBBS) in English language. The final list of 2018-2019 Academic Year has been released by MOE and there is no changes in the number of seats or the Medical Universities as compared to the previous year list.

For all the Indian students, who wish to **study MBBS in China** for the year 2018-2019 session, kindly note that **ONLY** the Medical Universities mentioned in the list below are approved by Medical Council of India and all the other Medical Universities in China, which are not in this list are **NOT** approved by the Ministry of Education of China. Last year there has been cases where some local Indian agents have misguided many students from India to study in some **medical colleges in China** which are not in the approved list, which will eventually end up for the student to not qualify for the MCI Screening Test in India. So make sure, you **DO NOT** fall prey to such people who present you with misguided information about **China MBBS Degree recognition**, because many of the **Chinese Medical Universities** are not even authorized to teach and present a graduation degree certificate. Infact most of the Universities even don't teach MBBS, they have Traditional Chinese Medicine (TCM)

MCI list approved Chinese Medical Universities for the 2018-19 session batch :

S.No.	Institutions	Scale of Enrollment for 2018-2019
1.	CAPITAL MEDICAL UNIVERSITY	100
